

FIRST AID & CPR TRAINING

Lifesaving Skills 

Now **30% Off!**
For a Limited Time

Did you know all businesses covered by the *Workplace Safety and Insurance Act (WSIA)* are **required to have first aid equipment, facilities and trained personnel in all workplaces?**

Learn to **manage emergency situations**, identify symptoms of a heart attack, and respond appropriately to breathing cessation, bleeding, or head and spine injuries until medical help arrives.

In support of CPR month, **Workers Health & Safety Centre is delivering community-based and on-site certified first aid and CPR training at 30% off when booked from November 1 to December 19.** Future training dates are available, so you can plan ahead while securing your discount.

WHSC programs are **delivered with the learner in mind – entirely instructor-led** to ensure life-saving training is demonstrated, observed, evaluated and ultimately achieved. Receive a record of certification, valid for either one year or three years depending on the first aid training taken. All certificates are issued by the Canadian Red Cross.

*If you have one or two people to train, choose our community-based training nearest you. Register at the link below.

**When you have more than a few to train, on-site training can be a cost-effective and timely way to get learning into the hands of more. Contact us to discuss your options 1.888.869.7950 or at contactus@whsc.on.ca. Please note prices do not include instructor fees and classes must be scheduled. This offer does not apply to bulk orders.
