

# ▶ Health Care Sector Training Programs

**We know our training works. More important, so do others.** As Ontario's government-designated occupational health and safety training centre, we have trained hundreds of thousands of workers, supervisors, joint health and safety committees, health and safety representatives and others for more than three decades. While our training is delivered in every sector of the economy, we also offer a complete line of programs suited for the health care sector. With more than 200 ready to deliver training programs we are well positioned to help your workplace comply with the many training requirements mandated by health and safety law. Much of the training we offer can also be used for general workforce training and as part of your overall workplace due diligence strategy.

Many WHSC programs are scheduled to run at various times throughout the year in a community near you. We can also work with you to organize the delivery of one or more training programs at your workplace or an appropriate training facility. For those programs that do not require hands on practical training, such as Certification training and most of the hazard awareness modules, we regularly schedule many in public virtual classrooms or we can schedule them specifically for your union or workplace.

Here's a partial list of health and safety training essentials for those employed in the health care sector.

## Meeting Specific & General Duties to Train

- |  |  |
|--|--|
| Certification Part I [3 or 4 days]                             | Globally Harmonized WHMIS [2-3 hours]                      |
| Certification Part II – Health Care & Social Services [3 days] | Propane Handling, Storage and Use [6 hours]                |
| Certification Refresher [6.5 hours]                            | Supervisor Health and Safety Training [6 hours]            |
| Confined Spaces Entry and Hazard Recognition [6 hours]         | Worker Health and Safety Awareness [3 hours]               |
| Documenting Health and Safety [3 hours] *                      | Worker H&S Representatives – Smaller Workplaces [12 hours] |
| Ergonomics: Basic Principles [6 hours]                         | Workplace Inspections [3 hours]                            |
| Ergonomic Toolbox [3 hours] *                                  | Workplace Investigations [3 hours]                         |
|  | Workplace Violence and Harassment [3 hours]                |

## Hazard Awareness Training

Individual hazard awareness programs are delivered over a three hour session. When bundled, three separate programs can be delivered during a one day session. Each program is designed to satisfy the Part II Certification workplace-specific hazard training requirement, where workplaces

opt to take a more customized approach. As a second option, workplaces can enroll in WHSC *Certification Part II Health Care & Social Services* sector program which meets the needs of workplaces typical in this sector. It also allows workplaces to get into compliance fast. Each of the following modules is also suitable for general workforce training.

Asbestos	Heat and Cold Stress	Office Work Environment
Biological Hazards	Hours of Work	Patient Handling
Chemical Hazards	Indoor Air	Personal Protective Equipment
Compressed Gas	Infectious Diseases	Physical Hazards
Confined Spaces	Job Task Analysis	Propane
Critical Incident and Post Traumatic Stress	Lockout	Psychosocial Hazards and Workplace Mental Health
Electrical Hazards	Manual Material Handling	Safety Hazards
Emergencies and Pandemics	Mould	Stress in the Workplace
Ergonomics and MSDs	Moving Machine Parts	Vehicle Driving Hazards
Ergonomics in Health Care & Social Services	Multiple Chemical Sensitivity	Walking and Working Surfaces
Fire and Explosion	Noise	Welding Hazards
Flammables and Combustibles	Non-fit-tested Respirators	Work Organization
Hand Tools	Office Biohazards: Viruses, Moulds and Bacteria	

For more information, program descriptions, schedules and our complete online training catalogue visit our website, [www.whsc.on.ca](http://www.whsc.on.ca) or call our toll-free line from anywhere in Ontario, **1-888-869-7950**, and ask to speak to a training services representative.

\* Participant materials are available in French for programs marked with an asterisk. Upon request, any of our training programs are available for delivery by a French-speaking, WHSC-qualified instructor.
