

As Ontario's only designated health and safety training centre, Workers Health & Safety Centre (WHSC) supports workers, their representatives, supervisors, contractors and employers in every work sector with comprehensive training programs and information services. Coordinating and ensuring the reliable delivery of this training and access to additional support services is the work of our training services group. On the front lines in communities across Ontario, our training service representatives work tirelessly to maintain the trusted service our constituency and clients have come to expect.

Please contact one of our knowledgeable and experienced representatives in your region to inquire how we might be of assistance with your occupational health and safety training needs or questions you might have about workplace hazards, prevention solutions or specific legal obligations.

Call toll free **1.888.869.7950** and ask to speak to a training service representative, or call or email a training service representative directly in your region.
